INDEPENDENT AUDITORS' REPORT

**To The Members of Godsland Farmfresh Private Limited
Report on the Audit of the Financial Statements**

OPINION

We have audited the financial statements of Godsland Farmfresh Private Limited ("the Company"), which comprise the Balance Sheet as at 31st March 2025, the statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2025, and its loss, total comprehensive loss, its cash flows and the changes in equity for the year ended on that date.

BASIS OF OPINION

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

INFORMATION OTHER THAN THE FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Directors Report, but does not include the Financial Statements and our auditor's report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under section 133 of the Act read with relevant rules, as amended from time to time. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order to the extent available.
2. As required by Section 143(3) of the Act, based on our audit, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books
 - c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.
 - e) On the basis of the written representations received from the directors as on 31st March 2025 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March 2025 from being appointed as a Director in terms of Section 164(2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting
 - g) In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
 - a) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company does not have any pending litigations which would impact its financial position.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

- iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
- iv.
- a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- b) The management has represented, that, to the best of its knowledge and belief, no funds have been received by the company from any person or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- c) Based on audit procedures performed that have been considered reasonable and appropriate in the circumstances, and according to the information and explanations provided to us by the Management in this regard, nothing has come to their notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) as provided in (1) and (2) above, contain any material mis-statement.
- v. The Company has not declared any dividend during the year.
- vi. Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility. The facility was operating for a part of reporting period Further, during the course of our audit we did not come across any instance of audit trail feature being tampered.

9. In respect of loans & debentures:
 - a. According to the information and explanations give to us and on the basis of our examination of the records of the company, the company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender.
 - b. According to the information and explanations give to us and on the basis of our examination of the records of the company, the company is not declared as wilful defaulter by any bank or financial institution or other lender.
 - c. The company has not obtained any term loan during the year and accordingly clause (ix)(c) of Companies (Auditor's Report) Order, 2020 is not applicable.
 - d. The company has not raised funds on short term basis and accordingly clause (ix)(d) of Companies (Auditor's not applicable. for long term purpose Report) Order, 2020 is not applicable.
 - e. The company is not having subsidiaries, associates or joint ventures and accordingly clause of Companies (Auditor's Report) Order, 2020 is not applicable.
 - f. The company is not having subsidiaries, associates or joint ventures and accordingly clause (ix)(f) of Companies (Auditor's Report) Order, 2020 is, not applicable.
10. In respect of Initial Public Offer and private placement:
 - a. The Company is a private company and has not raised money by way of Initial Public offer or further public offer and accordingly clause (x)(a) of Companies (Auditor's Report) Order, 2020 is not applicable.

- b. The company has not made any preferential allotment or private placement of shares or convertible debentures. during the year and accordingly clause of Companies (Auditor's Report) Order, 2020 is not applicable.

11. In respect of frauds

- a. To the best of our knowledge and according to the information and explanation given to us, no material fraud on or by the Company has been noticed or reported during the year.
- b. According to the information and explanation given to us no report under Section 143(12) of the Companies Act, 2013 has been filed by the auditors of the company in Form ADT-4 as prescribed under rule 13 of Companies (Auditor's Report) Rules 2014 with the Central Government.
- c. As represented by the management there are no whistle blower complaints received by the company during the year.

12. The company is not a Nidhi Company and hence clause no. (xii) of Companies (Auditor's Report) Order, 2020 is not applicable to the company.

13. All the transactions with related parties are in compliance with sec 177 and 188 of the Companies Act 2013 and the same have been disclosed in the financial statements as per the requirements of the applicable accounting standards.

14. In respect of Internal Audit System:

- a. The company is not required to have internal audit department or internal auditor considering its turnover and loans are below the prescribed limits under Section 138 of the Companies Act, 2013. The company is however having internal controls commensurate with the size and nature of its business.
- b. The company is not required to have internal audit considering its turnover and loans are below prescribed limits under Section 138 of the Companies Act, 2013 as such clause no. (xiv) (b) of Companies (Auditor's Report) Order; 2020 is not applicable to the company.

15. In our opinion and according to information and explanation given to us, the company has not entered into any non-cash transactions with directors or persons connected with them as such clause no. (xv) of the Companies (Auditor's Report) Order, 2020 is not applicable to the Company.

16. The company is not a NBFC (non-banking financial company) and is not required to be registered under Sec 45-1A of the Reserve Bank of India Act, 1934 as such clause no. (xvi) of the Companies (Auditor's Report) Order, 2020 is not applicable to the Company.

17. The company has incurred cash loss amounting to Rs.12.40 lakhs during the financial year covered by our audit and Rs. 0.20 lakhs in the immediately preceding financial year.

18. There has been no resignation of the statutory auditors during the year and accordingly clause no. (xviii) of the Companies (Auditor's Report) Order, 2020 is not applicable.

19. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will getdischarged by the company as and when they fall due.
20. The company is not required to spend on Corporate Social Responsibility under Section 135 of the Companies Act, 2013 for the year and as such not required to comply with second proviso to section 135(5) accordingly clause no. (xx) of theCompanies (Auditor's Report) Order, is not applicable.
21. The company is not having subsidiaries, associates or joint ventures and is not required to prepare consolidated financial statements. Accordingly, clause no. (xxi) ofthe Companies (Auditor's Report) Order, 2020 is not applicable.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2(g) under 'Other Legal Regulatory' section of our report of even date)

REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER CLAUSE (1) OF SUBSECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013

We have audited the Internal Financial Controls over financial reporting of Godsland Farmfresh Private Limited as on 31st March 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (hereinafter referred to as "the Guidance Note") issued by the Institute of Chartered Accountants of India (hereinafter referred to as "the ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the

risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING:

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING:

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial control over financial reporting were operating effectively as at 31st March, 2025, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

1 SIGNIFICANT ACCOUNTING POLICIES

A Company's Background

Godsland FarmFresh Private Limited is a Private Limited Company incorporated on February 24, 2021 and has its registered office at Phaltan, Maharashtra. Its main object is to carry on the business of manufacture, trade, produce, process, prepare, preserve, covert, pack, repack, can, refine, bottle, buy, sell, deal, brew, import, export whether as wholesalers or retailers in all varieties of sugar, sugar candy, jaggery, khandsari sugar, sugarcane, molasses, bagasses, industrial alcohol, ethanol, spirits and all types of by-products and all sorts of fruits, fruit drinks, preserved fruits, fruit powder, syrups, food, foodstuffs, vegetables, deep frozen vegetables, canned and tinned and processed foods or fruits, deep frozen cooked and semi-cooked varieties of foods, protein, dairy and dairy products including milk, cow milk, buffalo milk, goat milk, skimmed milk, milk products, by-products and derivatives, lactose, residues including hot & cold milk, flavored milk, skimmed milk powder, dairy milk powder, whole milk powder, dairy whitener, ghee, paneer, proteins, sweetened and unsweetened condensed milk, chocolates, baby food, cheese, butter, white butter cream, yogurt, weaning cereal foods, protein foods, health and instant foods of all kinds. To carry on the business of fish farming and all varieties of sea foods such as shrimps, prawns, lobsters, pomfrets etc., and to do the business in agro, agro processing, agro food processing and to provide backward and forward production linkages and to setup a mega food park, food mall, food court or a cafe.

B Significant Accounting Policies

I Basis of Preparation

The accompanying financial statements have been presented for the year ended 31st March, 2025 along with comparative information for the year ended 31st March, 2024. These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) on going concern basis under the historical cost convention on the accrual basis of accounting and the relevant provisions prescribed in the Companies Act 2013, besides the pronouncements/guidelines of the Institute of Chartered Accountants of India and of the Securities and Exchange Board of India. The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016. The accounting policies have been consistently applied by the Company except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use. The Company has adopted all the Ind AS standards and the adoption was carried out in accordance with Ind AS 101, First Time Adoption of Indian Accounting Standards. The transition was carried out from Indian Accounting Principles generally accepted in India as prescribed under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (IGAAP), which was the previous GAAP.

These financial statements have been prepared and presented under the historical cost convention, on the accrual basis of accounting except for certain financial assets and financial liabilities that are measured at fair values at the end of each reporting period, as stated in the accounting policies set out below.

The financial statements are presented in Indian Rupees (₹) and all values are rounded to the nearest lakhs except when otherwise indicated.

II Summary of Significant Accounting Policies

1 Current and Non-Current Classification

The Company presents assets and liabilities in the Balance Sheet based on current/ non-current classification. An asset is treated as current when it is:

- i) Expected to be realised or intended to be sold or consumed in normal operating cycle.
 - ii) Held primarily for the purpose of trading.
 - iii) Expected to be realised within twelve months after the reporting period, or
 - iv) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.
- All other assets are classified as non-current.

A liability is current when:

- i) It is expected to be settled in normal operating cycle.
- ii) It is held primarily for the purpose of trading.
- iii) It is due to be settled within twelve months after the reporting period, or
- iv) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities respectively.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The operating cycle of the Company's real estate operations varies from project to project depending on the size of the project, type of development, project complexities and related approvals. Accordingly, project related assets and liabilities are classified in to current and non-current based on the operating cycle of the project. All other assets and liabilities have been classified in to current and non-current based on a period of twelve months.

2 Property Plant and Equipment

The Company does not hold any Property, Plant & Equipment except Capital work in progress. However the policy of the company is as under-

All the Property, Plant & Equipment will be stated at cost less depreciation. Cost includes all expenses; incidental & ancillary to acquire Property, Plant & Equipment till such assets are ready for use.

Capital work-in-progress comprises the cost of Property, Plant & Equipment that are not yet ready for their intended use as at the reporting date.

It is policy of the company to calculate Depreciation on Property, Plant & Equipment on Written Down Value Method in accordance with Section 123 of the Companies Act, 2013 as per the useful life specified in Schedule II of the Companies Act, 2013. In case of addition/ deletion of Property, Plant & Equipment, Depreciation is provided on pro rata basis, from the date of addition or up to the date of deletion, as the case may be.

3 Inventories

i) The company does not own any Inventory. The policy of the company for valuation of Raw Material Stock and Consumable Stock at cost or net realizable values whichever is lower on FIFO Basis. Cost of Raw Materials and Consumable consists of Basic Price all taxes, duties, cess & incidental expenses incurred for bringing the goods to factory other than taxes which are subsequently recovered from various Government Authorities. (i.e. excludes Goods and Service Tax to the extent recoverable from the Government Authorities). Obsolete, defective and unserviceable stocks are provided for.

ii) Finished goods include cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Sources and related content.

4 Provisions and Contingencies

The Company recognizes provisions when a present obligation (legal or constructive) as a result of a past event exists and it is probable that an outflow of resources embodying economic benefits will be required to settle such obligation and the amount of such obligation can be reliably estimated.

If the effect of time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

A disclosure of contingent liability is also made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

5 Impairment of Non-Financial Assets (excluding Inventories and Deferred Tax Assets)

Non-financial assets are subject to impairment tests whenever events or changes in circumstances indicate that their carrying amount may not be recoverable. Where the carrying value of an asset exceeds its recoverable amount (i.e. the higher of value in use and fair value less costs to sell), the asset is written down accordingly.

Where it is not possible to estimate the recoverable amount of an individual asset, the impairment test is carried out on the smallest Group of assets to which it belongs for which there are separately identifiable cash flows; its cash generating units ('CGUs').

6 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Assets

Initial recognition and measurement

The Company classifies its financial assets in the following measurement categories.

- those to be measured subsequently at fair value (either through OCI, or through profit or loss)
- those measured at amortised cost

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Debt instruments at amortised cost
- Debt instruments at fair value through other comprehensive income (FVTOCI)
- Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)

Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the statement of profit or loss. The losses arising from impairment if any, are recognised in the Statement of Profit and Loss.

Debt instruments at FVTOCI

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- The asset's contractual cash flows represent solely payments of principal and interest.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the Company does not have any debt instruments which meets the criteria for measuring the debt instrument at FVTOCI.

Debt instrument at FVTPL

Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

In addition, the Company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'Accounting Mismatch'). The Company has not designated any debt instrument at FVTPL.

Debt instruments included within the FVTPL category are measured at fair value with all changes in fair value recognized in the Statement of Profit and Loss.

Equity investments

All equity investments, except investments in fellow subsidiaries and associates are measured at FVTPL. The Company may make an irrevocable election on initial recognition to present in OCI any subsequent changes in the fair value. The Company makes such election on an instrument-by-instrument basis.

Derecognition of Financial Assets

A financial asset (or, where applicable, a part of a financial asset or part of a Company of similar financial assets) is primarily derecognised (i.e. removed from the Company's Balance Sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

Impairment of Financial Assets

The Company assess on a forward looking basis the expected credit losses associated with its financial assets carried at amortised cost and FVTOCI debts instruments. The impairment methodology applied depends on whether there has been significant increase in credit risk. For trade receivables, the Company is not exposed to any credit risk as the possession of residential and commercial units is handed over to the buyer only after all the instalments are recovered.

For financial assets carried at amortised cost, the carrying amount is reduced and the amount of the loss is recognised in the Statement of profit and loss. Interest income on such financial assets continues to be accrued on the reduced carrying amount and is accrued using the rate of interest used to discount the future cash flows for the purpose of measuring the impairment loss. The interest income is recorded as part of finance income. Financial asset together with the associated allowance are written off when there is no realistic prospect of future recovery and all collateral has been realised or has been transferred to the Company. If, in a subsequent year, the amount of the estimated impairment loss increases or decreases because of an event occurring after the impairment was recognised, the previously recognised impairment loss is increased or decreased.

Financial Liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at FVTPL, loans and borrowings, or payables, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of financial liability not recorded at fair value through Profit or Loss, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and financial guarantee contracts.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss

Financial liabilities measured at FVTPL include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Gains or losses on liabilities held for trading are recognised in the Statement of profit and loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/ loss are not subsequently transferred to Statement of Profit and loss. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit or loss. The Company has not designated any financial liability as at fair value through profit and loss.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss.

Financial guarantee contracts

Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation.

Derecognition of Financial Liabilities

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

Reclassification of Financial Assets and Financial Liabilities

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Company's management determines change in the business model as a result of external or internal changes which are significant to the Company's operations. Such changes are evident to external parties. A change in the business model occurs when the Company either begins or ceases to perform an activity that is significant to its operations. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

Offsetting of Financial Instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Ind AS Balance Sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

7 Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- i) In the principal market for the asset or liability, or-
- ii) In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- i) Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- ii) Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- iii) Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

8 Cash and Cash Equivalents

Cash and cash equivalent in the Balance Sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

9 Revenue Recognition

The policy of the Company to recognize sales when the significant risk & rewards of the ownership of goods are transferred to customer. Sales comprise of amount invoiced for goods sold exclusive of Goods and Service Tax. Sales are stated net of Sales Return. Sales Returns are accounted for in the year of rejection.

Processing income is recognized on accrual basis as per terms of contract agreed between the company and customer.
Interest on deposits is recognized on accrual basis.

9 Current Income Tax

Current income tax for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities based on the taxable profit for the period. The tax rates and tax laws used to compute the amount are those that are enacted by the reporting date and applicable for the period.

10 Deferred Tax

Deferred tax is recognized using the balance sheet approach. Deferred tax assets and liabilities are recognized for all deductible and taxable temporary differences arising between the tax bases of assets and liabilities and their carrying amount in financial statements, except when the deferred tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profits or loss at the time of transaction.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realized or the liability is settled, based on tax rates that have been enacted or substantively enacted at the reporting date.

Deferred tax asset in respect of carry forward of unused tax credits and unused tax losses are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized.

The Company recognizes deferred tax liabilities for all taxable temporary differences except those associated with the investments in subsidiaries where the timing of the reversal of the temporary difference can be controlled and it is probable that the temporary difference will not reverse in the foreseeable future.

Minimum Alternate Tax (MAT) credit is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal tax during the specified period.

Presentation of Current and Deferred Tax:

Current and deferred tax are recognized as income or an expense in the Statement of Profit and Loss, except when they relate to items that are recognized in OCI, in which case, the current and deferred tax income/ expense are recognized in OCI. The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously. In case of deferred tax assets and deferred tax liabilities, the same are offset if the Company has a legally enforceable right to set off corresponding current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority on the Company.

11 Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable equity share holders to by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit or loss for the year and the weighted average number of equity shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable equity share holders and the weighted average number of equity shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

Level 1: The fair value of financial instruments traded in active markets (such as publicly traded derivatives and equity securities) is based on quoted market prices at the end of the reporting period. The quoted market price used for financial assets held by the Company is the current bid price. These instruments are included in level 1.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, contingent consideration and indemnification asset included in

Cash and cash equivalents, other bank balances, trade receivables, other current financial assets, trade payables, current borrowings and other current financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments. The fair value of the financial assets and liabilities is the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The methods and assumptions were used to estimate the fair values of the long term borrowings are determined by using discounted cash flow method using the appropriate discount rate. The discount rate is determined using other similar instruments incorporating the risk associated.

Notes forming part of the financial statements
(All amounts in INR lakhs, unless otherwise stated)

Note 20: Financial Instrument measured at Amortised Cost

The carrying amount of financial assets and financial liabilities measured at amortised cost in the financial statements are a reasonable approximation of their fair values since the Company does not anticipate that the carrying amounts would be significantly different from the values that would eventually be received or settled.

Note 21: Financial risk management objectives and policies

The Company's principal financial liabilities comprise mainly of other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include cash and cash equivalents and Other receivables.

The Company is exposed through its operations to the following financial risks:

- Market risk
- Credit risk, and
- Liquidity risk.

The Company has evolved a risk mitigation framework to identify, assess and mitigate financial risk in order to minimize potential adverse effects on the company's financial performance. There have been no substantive changes in the company's exposure to financial instrument risks, its objectives, policies and processes for managing those risks or the methods used to measure them from previous periods unless otherwise stated herein.

a) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risks: interest rate risk, currency risk and other price risk. Financial instruments affected by market risk includes borrowings, investments, trade payables, trade receivables, loans and derivative financial instruments.

(i) Interest rate risk

The Company is exposed to cash flow interest rate risk mainly from borrowings at Fixed rate. Currently the company has no external borrowings (excluding short-term overdraft facilities) which are fixed and floating rate borrowings. The Company achieves the optimum interest rate profile by refinancing when the interest rates go down. However this does not protect Company entirely from the risk of paying rates in excess of current market rates nor eliminates fully cash flow risk associated with variability in interest payments. The Company considers that it achieves an appropriate balance of exposure to these risks.

The Company's interest-bearing financial instruments are reported as below:

Particulars	As at 31 March 2025		As at 31 March 2024	
	Fixed Rate Instruments	Variable Rate Instruments	Fixed Rate Instruments	Variable Rate Instruments
Financial Assets	-	-	-	-
Financial Liabilities	-	-	-	-

Godsland Farmfresh Pvt.Ltd

(All amounts in INR lakhs, unless otherwise stated)

(xii) Utilisation of Borrowed funds and share premium

(a) The Company has not advanced or loaned or invested funds (either borrowed funds or share premium or any other source or kind of funds) to any other person(s) or entity(ies), including foreign entities (Intermediaries) with the understanding (whether recorded in writing or otherwise) that the Intermediary shall:

(i) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company (Ultimate Beneficiaries) or

(ii) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries,

(b) The Company has not received any fund from any person(s) or entity(ies), including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the company shall:

(i) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or

(ii) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries,

(xiii) Undisclosed income

The Company does not have any undisclosed income for the year ended 31st March, 2025.

(xiv) Corporate Social Responsibility (CSR)

Provisions for CSR spend is not applicable to the Company for the year ended 31st March, 2025.

(xv) Details of Crypto Currency or Virtual Currency

The Company has not traded or invested in Crypto currency or Virtual Currency during the year ended 31st March, 2025.

(xvi) Rounding Off

Amounts mentioned as '0.00' in the financial statements denote amounts rounded off being less than INR 500.

Fair value sensitivity analysis for fixed rate instruments

The Company does not account for any fixed rate financial assets and liabilities at fair value through profit or loss. Therefore, a change in interest rates at the reporting date would not affect profit or loss.

Cash flow sensitivity analysis for variable-rate instruments

A reasonably possible change of 100 basis points in interest rate would have resulted in variation in the interest expense for the Company by the amounts indicated in the table below:

Impact on retained earnings/ Equity	As at 31 March 2025	As at 31 March 2024
Impact of increase in interest rate by 100 basis point	-	-
Impact of decrease in interest rate by 100 basis point	-	-

b) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities and other financial instruments.

Credit risk from balances with banks and financial institutions is managed by Company's treasury in accordance with the company's policy. The company limits its exposure to credit risk by only placing balances with local banks and international banks of good repute. Given the profile of its bankers, management does not expect any counterparty to fail in meeting its obligations.

c) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in raising funds to meet commitments associated with financial instruments that are settled by delivering cash or another financial asset. Liquidity risk may result from an inability to sell a financial asset quickly at close to its fair value. The Company has an established liquidity risk management framework for managing its short term, medium term and long term funding and liquidity management requirements. The Company's exposure to liquidity risk arises primarily from mismatches of the maturities of financial assets and liabilities. The Company manages the liquidity risk by maintaining adequate funds in cash and cash equivalents.

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments.

Particulars	Less than 1 year	1 to 5 years	More than 5 years	Total
As at 31 March 2025				
Trade Payables	-	-	-	-
Borrowings	-	-	-	-
Other Financial Liabilities	13.52	-	-	13.52
Total	13.52	-	-	13.52
As at 31 March 2024				
Trade Payables	-	-	-	-
Borrowings	-	-	-	-
Other Financial Liabilities	17.31	-	-	17.31
Total	17.31	-	-	17.31

Note 22: Capital management

For the purpose of the Company's capital management, capital includes issued equity share capital and other equity reserves attributable to the owners of the Company. The primary objective of the Company's capital management is to maximise the shareholder value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Company includes within net debt, interest bearing loans and borrowings less cash and cash equivalents and Bank balances other than cash and cash equivalents.

Particulars	As at	As at
	31 March 2025	31 March 2024
Borrowings	-	-
Less: Cash and Cash Equivalents	9.71	20.10
Net Debt	(9.71)	(20.10)
Equity Share Capital	10.00	10.00
Other Equity	(13.91)	(1.51)
Total Capital	(3.91)	8.49
Capital and Net Debt	(13.62)	(11.60)
Gearing Ratio (%)	71%	173%

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements.
